EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mark Henry on June 8, 2005.

The application has been amended as follows:

In the claims:

Claim 24 has been canceled.

Allowable Subject Matter

2. Claims 1-4, 6, 8-15, 17, 19-23 are allowed. (Re-numbered as 1-19)
3. The following is an examiner's statement of reasons for allowance:

Prior art of record do not teach the combination of claimed elements including: "ascertaining a plurality of inconsistencies and their dependencies on one another before eliminating said inconsistency; and automatically modify, while eliminating the inconsistency, said decision set for at least one conflict type based on dependencies of said inconsistencies such that a future conflict is eliminated by a modified method" as recited in independent claim 1. Bauer (US 5,926,816A) does not teach the step of modifying the decision set based on dependencies of said inconsistencies. Souder

Art Unit: 2167

teaches the step of modifying the decision set by allowing user to write their own conflict resolution routines, but does not teach that the decision set is automatically modified based on dependencies of the inconsistencies as claimed. Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. After a further search and a thorough examination of the present application and in light of the prior art made of record, claims are allowed. Independent claims 12, 23 recite similar limitations and therefore also allowable. Dependent claims 2-4, 6, 8-11, 13-15, 17, 19-22 are allowed at least by virtue of their dependencies from respective independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
